Independent Auditor's Report

To the Managers
Lincoln International LLC
Chicago, Illinois

We have audited the accompanying statement of financial condition of Lincoln International LLC (the Company) as of December 31, 2010 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above present fairly, in all material respects, the financial position of Lincoln International LLC as of December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Lincoln International LLC

Notes to Statement of Financial Condition

Note 1. Nature of Operations and Significant Accounting Policies

Nature of operations: Lincoln International LLC (the Company) (an Illinois limited liability company) is in the business of investment banking and providing merger and acquisition, debt advisory, and other services related to middle market businesses worldwide. The Company is registered as a broker-dealer in securities with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority. The Company will continue operations until 2036 unless earlier terminated and dissolved in accordance with the provisions of the limited liability company agreement.

The Company is a wholly owned subsidiary of Lincoln Partners LLC (the Parent). The majority members of the Parent are Robert Bruce Barr and Lawrence James Lawson, III, who serve as managers of the Company. The Parent has two other wholly owned subsidiaries: Lincoln Partners Advisors LLC (LPA) and Lincoln International NY Corporation (LINY). Offices of the Parent and its wholly owned subsidiaries are located in Chicago, Los Angeles, and New York. The Parent has affiliates in Austria, France, Germany, Japan, the Netherlands, Spain and the United Kingdom.

The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k)(2)(i) provide that the Company carries no margin accounts, promptly transmits all customer funds and delivers all securities received in connection with its activities as a broker-dealer, does not otherwise hold funds or securities for or owe money or securities to customers, and effectuates all financial transactions between the Company and its customers through one or more bank accounts, each designated as a Special Account for the Exclusive Benefit of Customers of the Company. Because the Company effects no financial transactions with customers as defined in Rule 15c3-3(a)(1), the Company does not maintain a Special Account.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and equivalent: The Company considers all highly liquid debt instruments acquired with a maturity of three months or less to be cash equivalents. Cash and equivalent include money market funds.

Fair value of financial instruments: Investments are recorded on trade date and reflected at fair value. Unrealized gains and losses are reflected in income.

Revenue recognition and accounts receivable: Investment banking fees are recognized at the time the transaction is completed and the income is reasonably determinable. Advisory and management fees are recognized as earned. Accounts receivable primarily represents amounts due from these services. Uncollectible amounts are written off at the time the individual receivable is determined to be uncollectible. Allowances for doubtful accounts are based primarily on historical collection experience. As of December 31, 2010, no allowance has been recorded.

Furniture, equipment and leasehold improvements: Depreciation and amortization are computed under accelerated or straight-line methods over the estimated useful lives of the assets as follows:

Computer equipment	3 years
Other equipment	5 years
Furniture	7 years
Leasehold improvements (straight-line)	Lease term

Notes to Statement of Financial Condition

Note 1. Nature of Operations and Significant Accounting Policies (Continued)

Income taxes: The Company is a single member limited liability company and is treated as a disregarded entity for Federal and most state tax jurisdictions. Generally, the Company's taxable income is reported as part of the Parent's tax returns. Accordingly, no provision or benefit for income taxes has been made.

The Financial Accounting Standards Board (the FASB) provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. For the year ended December 31, 2010, management has determined there are no material uncertain income tax positions. The Parent and the Company are generally not subject to U.S. federal, state or local income tax examinations for tax years before 2007.

Note 2. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company utilizes valuation techniques to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets and liabilities recorded at fair value are categorized within the fair value hierarchy based upon the level of judgment associated with the inputs used to measure their value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy are described below:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Company's only asset accounted for at fair value at December 31, 2010 using the fair value hierarchy is \$2,001,743 of money market funds, which are considered Level 1 instruments. The Company does not have any Level 2 or Level 3 assets or liabilities.

Note 3. Furniture, Equipment and Leasehold Improvements

At December 31, 2010, furniture, equipment and leasehold improvements consist of:

Furniture and equipment	\$ 1,385,659
Leasehold improvements	285,273
	<u>1,670,932</u>
Accumulated depreciation and amortization	(1,255,095)
	<u>\$ 415,837</u>

Lincoln International LLC

Notes to Statement of Financial Condition

Note 4. Commitments and Indemnification

The Company leases office space for its Chicago office under a noncancelable operating lease agreement that expires on December 31, 2015.

The Company also has an operating lease on a New York City office that expires on February 29, 2012. In addition, the Company has an operating lease on another New York City office as a Guarantor to the primary lease holder, LINY. LINY reimburses the Company for certain operating expenses, including a majority of the expenses associated with these leases.

Future minimum annual rentals required under the lease agreements, excluding additional payments for certain operating, tax and maintenance costs, are approximately as follows:

	Chicago	New York	Total
2011	\$ 539,000	\$ 785,000	\$ 1,324,000
2012	579,000	624,000	1,203,000
2013	596,000	546,000	1,142,000
2014	614,000	318,000	932,000
2015	632,000	-	632,000
	<u>\$ 2,960,000</u>	<u>\$ 2,273,000</u>	<u>\$ 5,233,000</u>

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that has not yet occurred. The Company expects the risk of loss to be remote.

Note 5. Employee Benefit Plan

The Company maintains a qualified profit sharing and 401(k) plan for the benefit of all employees who have attained age 18. Any employer match of participants' contributions is discretionary and is only for eligible employees who have worked 1,000 hours during the year and have completed six months of service.

Note 6. Concentration of Credit Risk

The Company maintains deposits at financial institutions that at times may exceed federally insured limits. The Company has not experienced any losses in these accounts and management believes the Company is not exposed to any significant credit risks.

Lincoln International LLC

Notes to Statement of Financial Condition

Note 7. Related-Party Transactions

The Company earns assistance fees from and incurs assistance fees to other entities affiliated by common ownership. At December 31, 2010, the Company had a receivable from these affiliates from these activities of \$1,675,718. The amounts between the entities are as follows:

	Receivable Balance
Lincoln International AG	\$ 219,000
Lincoln International SAS	-
Lincoln International Inc.	1,455,718
Lincoln International LLP	-
Lincoln Investments	1,000
Total	<u>\$ 1,675,718</u>

At December 31, 2010, the Company had a payable to Lincoln Partners LLC in the amount of \$591,917 relating to service fees paid on behalf of Lincoln International LLC.

The Company receives a management fee equal to 50 percent of the revenue earned by LPA. At December 31, 2010, the Company had a receivable balance from this entity in the amount of \$489,633.

The Company paid management fees to LINY in accordance with a services agreement for the year ended December 31, 2010. At December 31, 2010, the Company had a receivable from and payable to this entity of \$6,468 and \$794,894, respectively.

Certain members of the Parent are affiliated with Riverlake Partners L.L.C. (Riverlake), a private equity fund, which refers business to the Company. Riverlake reimburses the Company for expenses paid and services performed on its behalf.

The Company incurs certain business promotion expenses paid by Lincoln International Group, an entity affiliated by common ownership.

Note 8. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1). Under this Rule, the Company is required to maintain "net capital" of \$5,000 or 6-2/3 percent of "aggregate indebtedness," whichever is greater, as these terms are defined. The rule also requires that the ratio of aggregate indebtedness to net capital, both as defined, not to exceed 15 to 1, and provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1.

Net capital and aggregate indebtedness change from day to day, but at December 31, 2010, the Company had net capital and net capital requirements of approximately \$3,938,000 and \$280,000, respectively. The Company's net capital ratio was 1.07 to 1. The net capital rule may effectively restrict distributions to the Parent.
